

BKRS Crane Systems

Company name: BKRS Crane Systems
 Branch: Crane construction company
 Field of activity: The Netherlands and Belgium

BKRS Crane Systems is specialized in crane construction and crane construction systems. After starting as a regular construction company BKRS has developed into a leading supplier of crane systems over the years. Forty years of craftsmanship have led to high technical know-how and quality of their products. As a result, they are able to offer total and tailor-made solutions to their customers. The coatings are applied to the crane constructions by BKRS themselves.

For long-term protection against corrosion, the cranes are processed with SteelKote coating. This coating system reduces maintenance and maintenance costs. The fast drying proces of the coating ensures efficient lead time and optimum protection during the production process.

C4 C-4 | Extreme 25 years

Layer 1	803 SteelKote EP AC+	100µm
Layer 2	803 SteelKote EP AC+	100µm
Layer 3	808 SteelKote PC HS UV+	80µm
Total		280µm

extreme corrosion resistant
